

Special Notice.

Indestructible Iron Screw Leg Joint.

See page 1. — **PATENT KOHN.** — See page 1.

Chairs, Armchairs and Sofas with Kohn's Patent Leg Joints are

☞ the only Furniture indestructible. ☜

Those which have their front legs fixed by means of a wooden tennon glued in are defective and not reliable.

Important for the Export Trade.

Each piece of furniture with Kohn's Patent Leg Joints can be taken to pieces entirely and can easily be put together without the use of glue by any one.

Furniture with Patent Leg Joints are especially adapted for export to the Colonies in consequence of their avoiding the use of glue.

The Extra Charge for Patent Leg Joints is 6 cents pr. chair, armchair or sofa.

☞ **Special.** ☜

The Seats of our chairs &c. are made out of one piece of wood while those of other makers are made out of four pieces of wood which are glued together.
